Boring by tommissausage on 2021/10/31 12:19 With over six hundred levels of play, this game should get a lot more attention. Don't get me wrong, the graphics are good and the gameplay is engaging, but it's just so bland and uninspiring. It's like a run of the mill jigsaw puzzle with puzzles you've seen before. It also never lets up with adds and very little feedback when you successfully complete a game level. There should have been some form of ending criteria as well as feedback on your performance in game mode. Simply put: it's just boring.",

In March 2021 the developers of Coin Master announced plans to expand upon "Coin Master" and other games they had previously worked on. The goal is to develop a

wide range of games, focusing on Card-based RPGs, that will be released across a variety of platforms in both Android and iOS formats. They also confirm that they are working on "Coin Master 3", which will be based on the IP for Disney's upcoming animated film "Wreck it Ralph 2".",

Fun, but.. by Aqueela on 2021/12/14 12:46 First of all, I love the concept of this game and, as an avid puzzle solver, I enjoyed completing the puzzles needed for each level. The game has some great features such as timed puzzles, word hints and more. However, I do have a few criticisms. First of all, the ads are sooo annoying! I've downloaded over 10 games in the past 2 weeks and every one of them had to be deleted because of the ads. Secondly, I was kind of annoyed with having 2 sets of tiles in a level then receiving new tiles from the previous board when you complete it. Finally, the timed levels were not that challenging and could have been better developed (so that you could make mistakes without losing time).",

Too many ads by Rachael Bajo on 2021/04/12 16:31 This game is very fun and I will have to admit that the game play is very well executed, but the amount of ads is way too much and you guys are not helping the problem at all. The ads do not get removed from your screen and you have to close them out just to use your items or do something. They also sometimes pop up when I donâ€™t want them to like before I open a shop. It is very annoying because you canâ€™t even go back without closing it out which ruins my plan every time. Another thing is that you have to wait for so long. You have to wait hours to even complete something. I know this is supposed to be some kind of strategy game but all it really does is frustrate the players because they canâ€™t even move forward because they had a bad streak of luck.",

"Coin Master" won an Honorable Mention from the 2021 Indie Royale Awards for "Best Card-Based Game". As "Coins & Curses" received mostly positive reviews, Mike Miller announced in September 2021 that a sequel to Coin Master was being developed, titled "Coins & Curses 2". It was released on iOS and Android on December 8, 2021 with some of the original developers from Coin Master returning to work on the game.",

The game includes a variety of different "power ups". The user reviews for each power up show the overall audience's rating of the power up at that point. Some power ups include the ability to turn on an area light, remove clouds from the screen, double all coin production, and create special blockades in which coins aimed directly at one end of a light stand will be destroyed before they reach it. The more powerful power ups also include "turbo bombs" which can be fired from the player's cannon.",

However, this version of the game was never released outside Japan. This version contains microtransactions which can be removed by paying \$4.99 for an ad-free version. The user review for Coin Master: Pinocchio is composed of 4.5 out of 5 stars

(out of 1 vote) from 1 user, with a user rating of 5 out of 5 stars (out of 1 vote).",

In 2021 Moon Active released Coin Master: Puss in Boots "(Kasegi 2: Bukimi no Tane)" for iOS as a paid app (it is not available on Android). This "Coin Master" title features characters and settings from DreamWorks Animation's hit movie "Puss in Boots". This version of the game is free to play and offers power ups and missions. In addition to updated graphics, it also includes new enemies such as sheep, bees and a wolf who jumps around trying to knock coins out of the air. The game has received a tiered rating of 4.8 out of 5 stars (out of 7 votes), with a user review stating that "Coin Master is a great game, well worth the full price" while describing it as "The original coin master (with) a few twists".",

Addictive by Rachie2021 on 2021/08/27 17:35 I love this game! It's so cool that you can have so many games going at once. You get bonus coins for each one. It's super easy and all I do is swipe my screen and I'm done. It's pretty fun and I love it!",

Creative and challenging by Houshk on 2021/09/21 19:18 This game is challenging yet fun at the same time. The levels are creative and well designed. To me they are not frustrating as some other games that don't really go anywhere or have too many different options to choose from. I love this game a lot!",

The game uses texture packs to resemble the look of the original versions.",

Good but... by minecraftgirl_2021 on 2021/02/18 22:32 This game is great i love it but there are WAYYYY to many ads and the coins arenâ€™t cheap at all. I donâ€™t mind watching ads for getting coins and what not but I donâ€™t do it all the time like you guys want me to. I only have a small allowance which means a lot of my money goes to starving myself on this game. And if you get an ad like once every hour just be thankful for what you get because 90% of phone apps are like that or even worse. Anyways it is a great game and I love it but there are some glitches. Like when Iâ€™m clearing the road, I have to tap on the broom to be able to sweep and keep tapping until it unlocks which causes me to lose a lot of lives. Also you could fix one of the new updates where coins and gems and tickets go away sometimes. Sometimes they donâ€™t even go away if you got them from one of the game features. And those features are part of getting coins and gems. What about lucky tickets? And if you have this problem too then just tap until it unlocks then get off for like 5 minutes or so then re-open the game. That usually fixes it. Also please fix the issue with the ticket counter. I donâ€™t know what it is but Iâ€™ve been watching a lot of videos and forums and they say that if your game is running slow then you should get rid of the "Greatest Hits" feature but you donâ€™t get any more coins or like any more credit for using that feature. Itâ€™s just a wasted ability.",

The sequel featured updated versions of popular games from the 70's-like "Space Invaders". Coin Master: Space Invaders was released in Japan initially as part of Moon Active's "Coin Masters" series. However, this version of the game was never released outside Japan. This version contains microtransactions which can be removed by paying \$4.99 for an ad-free version. The user review for Coin Master: Space Invaders is composed of 4.5 out of 5 stars (out of 1 vote) from 1 user, with a user rating of 3 out of 5 stars (out of 1 vote).",

Raiding by jdjejbdndjdkd on 2021/03/28 18:34 Ok so I love the game but I was playing in the classroom and I got attacked by someone else while I was playing it. And I lost all of my troops along with half of my castle. I didn't make it through the game to see if my troops came back but it was just devastating. If you can make the game a little more fair like your secret messages and if there is a new army system that is way more fair. And if you do not want people to attack while you are playing. Then maybe put an option where we can play one by one in our own kingdoms or have a leader board or something like that? I really love the game but I think some stuff needs to be changed. Thanks if you can take into consideration.",
